

HSAC TechTime

# COMPUTER GIVEAWAY PROGRAM!

Refurbished laptop and desktop PC computers are “free” for a donation to the Hartland Senior Activity Center (HSAC).

We have lots of other electronic equipment too.

All equipment is in good working order.

## How to get a free-for-a-donation item?

Send an email to ‘TechTime.HSAC@gmail.com’ with your name, email, phone, mailing address, and a little bit about what you would like. We will contact you to help match your needs with our refurbished equipment. You can view a catalog of current equipment is in the HSAC office. If you identify something you want, make a donation to the Tech Time program. We keep enough to cover our refurbishing costs and the rest goes to the Hartland Senior Activity Center.

---

We also take donations of used electronic equipment that we can refurbish and recycle to our members through this program. If you buy a new computer, please consider donating your old one to us.
